

# Pressure Controls

Provide a wide range of pressure controls for the refrigeration system to protect from abnormal low suction pressure or abnormal high discharge pressure. NS-type pressure controls suit the system with air, water, steam, etc.

For R410A Refrigerant system

SNS, HNS, DNS - Pressure controls -

SYS, DYS - Pressure controls -

Narrow differential setting

ANS, FNS - Pressure controls -

ONS - Oil protection pressure controls -

Water proof / Drip proof
